Having lived in most of the areas in this book, it's a stark contrast to their appearances and lifestyles today. His very descriptive writing style paints a vivid picture of the changes that Mother Nature and mankind have each brought about, for better or worse. I'll definitely read it again very soon.0 of 0 people found the following review helpful. Great ReadBy L-MackGreat Read

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At tredition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to tredition. To support their good work, tredition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.
