The pages consist of what look like cell phone photos, poorly done. Images are in poor contrast but could be readable (with a magnifying glass and a bright light) if all the text was there. It definitely is not. Pages on the right are mostly all there but on the left sides they are cut off so much that significant amounts of the text aren't there. The binding seems good but as a whole it is useless. 0 of 0 people

Well worth the read. I couldn't stop reading it once I started,till I was done. I learned a lot about how truly evil people were even back in those times.1 of 1 people found the following review helpful. Thrilling Adventure with HistoryBy Sharon L.
