Not Available : Street Guide Anchorage Alaska before purchasing it in order to gage whether or not it would be worth my time, and all praised Street Guide Anchorage Alaska:

0 of 0 people found the following review helpful. Arrived in poor conditionBy melmacd18The atlas itself appears to be very useful; however, it arrived in poor condition. The back cover is 3/4 of the way ripped off the coil, some of the pages have been all crinkled up, and there is dirt smeared on the first page. While it could have occurred during shipping, it was packaged very well in a sturdy, bubble-wrapped envelope and I don't see how the damage could have occurred during transit, particularly the interior damage. It seems like it was shipped in poor condition.1 of 1 people found the following review helpful. Handy if you're planning to move.By Traveling GrandmaI have been using these maps to help scout out property prior to my move to Anchorage; these maps are particularly helpful in identifying which streets would be closest to my granddaughter's school. Easy to use, and arrived quickly. Book also seems able to withstand heavy use; no tearing or crumpling.0 of 0 people found the following review helpful. Rand McNally lives up to their name.By shopaholic1As always, Rand McNally leaves nothing out in mapping locations. Very helpful book. I was able to plan many details of a trip in advance w/this book.

This Book is a street guide of Anchorage Alaska. No tears or bends. Its in very good shape.
