Rand McNally : Street Guide-Milwaukee//Milwaukee, Waukesha And// Portions of Racine Ken (Rand McNally Street Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Street Guide-Milwaukee//Milwaukee, Waukesha And// Portions of Racine Ken (Rand McNally Street Guides):

2 of 2 people found the following review helpful. Milwaukee + cartography = a celestial duo!By MBThe previous incarnation of this publication was splendid ... and this edition is likewise. In general, this atlas is quite accurate, as I've only uncovered trivial errors, while the maps are clear, helpful, and attractive. Three major improvements are: an increased scale [thereby displaying more detail on each map], an expanded coverage area to the north and south (now

including Racine, Kenosha, etc.), and the inclusion of a CD-ROM. However, two noteworthy downgrades are that the jacket is very loose, flimsy, and poorly packaged, while some labels have been removed (schools, etc.). Nevertheless, this item is superb, and it is an obligatory purchase for anyone captivated by cartography, or anyone associated with the preeminent Milwaukee Metro area via travel, work, personal interest, or whatnot!
