**Mateo WarSteiner : Study Abroad: Sigo Buscando el Duende** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Study Abroad: Sigo Buscando el Duende:

Have you ever dreamed of traveling to a foreign land? Have you ever wanted to study overseas? Have you ever wanted to be immersed in a different culture and language? What's holding you back? This book is about my time studying abroad. It offers tips on travel, backpacking, culture, romance and anything else you were dying to know

about what really goes on during foreign exchange programs. It also tells the tale of a powerful force known to the Spanish as El Duende, as well as my encounters with people from all over the world. If you want to study abroad and are curious about how it all works, then **READ THIS BOOK!!!!**

About the AuthorMateo WarSteiner is a musician as well as an author. In 2008 he decided to study abroad, forever changing his life. After having many incredible experiences, he returned home, graduated college, and moved to New York. There he began writing his first book - *Sigo Buscando el Duende*. He has since returned home to beautiful Lexington, Ky and begun freelancing as a web/graphic/flash designer. In 2010 he launched his website - [www.mateowarsteiner.com](http://www.mateowarsteiner.com). His future plans involve travel and music.
