Joshua Stein, Alice Twemlow : StyleCity New York (Third Edition) (StyleCity) before purchasing it in order to gage whether or not it would be worth my time, and all praised StyleCity New York (Third Edition) (StyleCity):

If theres a prettier guidebook series than the StyleCity guides, I have yet to see it.GridSkipper New York is the ultimate symbol of Americas boundless energy and creativity, yet for many visitors it is a world apart and of its own. A city where towering ambitions are rewarded and where working hard and playing hard coexist around the clock, New York is a city for everyone. Despite the citys forthright exuberance, many of its most intriguing places are off the beaten path, behind unmarked doors, in small neighborhood enclaves. This fully revised, up-to-date volume takes visitors to these magical locations, be they hip-hop bars or private art collections, sexy restaurants or funky shops. 192 color, 350 bw illustrations

From Publishers Weekly Part of a fashionable new guidebook series, this guide to New York City pulses with energy. The photo-heavy book features two main sections, the first of which is arranged by neighborhood and covers each district's cafes, shops, restaurants, museums, performance spaces and bars; the second section reveals "the city's best" places to sleep, eat, drink, shop and relax. Equal attention is given to well-known institutions and hidden oddities, so the pages on the East Village suggest McSorley's Old Ale House (which opened in 1854) along with Decibel, a basement sake bar where patrons are "submerged in a Japanese netherworld," and the Community Garden on East 6th Street, a "lush and magical" oasis. Embracing old and new New York and venturing to Williamsburg, Long Island City and other borough 'hoods, this is an excellent guide for discovering Gotham. 379 photos, 7 maps. Copyright 2003 Reed Business Information, Inc. For travelers with twenty-first century tastes. - Cond Nast Traveler Gorgeous, ultra visual. - Elle Decoration Super-smart city guides. - Esquire Embracing old and new, venturing to Williamsburg, Long Island City and other borough 'hoods: an excellent guide for discovering Gotham. - Publishers Weekly Style City guides are indispensable. - Town Country Style City: the destination of choice for the style-conscious traveler. - Wallpaper About the Author Alice Twemlow writes, curates exhibitions, and lectures about matters relating to design, visual culture and their histories.
