**Susan Griffith : Summer Jobs Worldwide, 2011: Make the Most of the Summer Break** before purchasing it in order to gage whether or not it would be worth my time, and all praised Summer Jobs Worldwide, 2011: Make the Most of the Summer Break:

The only annually updated guide to summer jobs available for students and young people taking a gap year or travel break. Now in its 42nd edition, *Summer Jobs Worldwide 2011* covers both paid and unpaid job opportunities in Europe and around the world, from crewing yachts in the Canaries and picking strawberries in Denmark to teaching in Japan.

Describes an enormous range of opportunities and gives all the basic information job-seekers need, including a useful section on red tape, visas and work permits... indispensable. --The Daily Telegraph  
If you're thinking of working abroad this summer, get this indispensable guide as soon as possible. --The Sunday Times  
An enormous range of jobs... excellent value. --The Observer  
From the Publisher  
**WHY A SUMMER JOB WORLDWIDE?** The summer holidays are looming and weeks of gloriously un-timetabled free time are stretching ahead of you. You can do whatever you want - you could go travelling, experience new places, meet interesting people, try out exciting new things - the world is yours for the taking. Or it would be if it weren't for one problem: you're broke. But why let a little thing like that ruin your summer? You could of course stay at home and slog it out at a local factory, or break your back stacking shelves at the local supermarket. But why would you choose to do that when the alternative is working on a French campsite or behind a bar in Ibiza? A wealth of CV-improving, mind-expanding and, most importantly, interesting jobs are available throughout the world. Thousands of students and young people shake off the boredom and routine of living at home by packing their bags and heading off for a summer job worldwide. Why not join them? The Advantages of a Summer Job Away from Home  
Experiencing new places and cultures  
If it's a case of itchy feet you are hoping to cure, how better to see a new part of the world on a budget than to take a summer job? Working away from home is one of the ways that you can afford an extended period of travel. Many of the jobs you will find within these pages offer full bed and board as well as a wage. So all you have to fund is the travel. You will even find that many of the jobs on offer are set in some stunning locations, from remote retreats to 5 star resorts. Working abroad offers an experience that is quite distinct from straightforward travel. If you are on holiday, you pass through rapidly; you see the sights and eat the food, but you very rarely leave feeling as though you have satisfied your curiosity about a place and its culture. By contrast, a summer job allows you to work at close quarters with local inhabitants, sometimes even lodge with local families, discuss local issues and build lasting friendships. And as for languages, whether you want to start from scratch or simply brush up your skills, there is no better way to do so than a few months of complete immersion.  
Earning some cash  
These days getting a decent education can cost a fortune. What with the financial burden of university, added to the not-inconsiderable social and accommodation costs, work-free summer holidays have become the sole preserve of the fortunate few. And the chances are, if you have bought this book, you are not one of them. Don't worry though. Working in the summer gives you a great chance to boost your bank balance...  
From the Inside Flap  
Bringing you the best summer jobs from across the globe  
Every year the Vacation Work team go in search of the most exciting, diverse and CV boosting summer jobs from around the world, to ensure you have the latest information at your fingertips. We've been helping travellers for over 40 years, so we know a thing or two about planning a trip of a lifetime.
