Just what I was looking for By steven pazdera I purchased this for a friend who only wanted a poster of sunfish species. This is exactly what he was looking for. 0 of 0 people found the following review helpful. You get what you see, so if you like it, buy it By Howard Browman Its as simple as that. The artist is well-known for his fabulous illustrations of fishes and this poster is a colourful reproduction that will look good on your wall.

Accurately illustrated to capture the intricate detail of 15 different types of sunfishes, this essential collection of

sunnies is artfully presented on one charming poster. Featuring stunningly beautiful reproductions, these ordinary North American fishes are arranged by relative scale and include both the common and scientific names. A favorite among fisherman for their tenacious and catchable nature and for the nostalgia associated with what many remember as their first fish, this celebration of Americas best-loved fishes is ideal for identification and will enhance any angler's art collection.
