**Reba Wells Grandrud : Sunnyslope (Images of America)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sunnyslope (Images of America):

Founded in 1911 by William R. Norton, Sunnyslope is older than the State of Arizona. By 1919, the desert settlement had only four or five cottages and no roads, no electricity, and no running water. That soon changed as those recovering from tuberculosis sought the relief of Sunnyslopes dry climate. In 1927, the Desert Mission was established, with its nurses dubbed the Angels of the Desert. This would eventually become the modern, multistory

John C. Lincoln Hospital. A postWorld War II boom saw Sunnyslopes population grow with small businesses, schools, and churches being established that still serve the community today. Annexed by the City of Phoenix in 1959, Sunnyslope, with its roughly 40,000 residents, retains its unique identity to this day.
