E. J. Sullivan : T Is for Tennessee (State Alphabet Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised T Is for Tennessee (State Alphabet Books):

Getting a book for each state we live in teaches my kids about the states.0 of 2 people found the following review helpful. I paid \$11.00 yet there is a Goodwill price tag for 1.99 on the book coverBy Karen M. DaleThis book arrived quickly and is in excellent condition, but I am greatly disappointed to know that I was charged \$11 and it was for sale at \$1.99. I had recently purchased the same book at our local Books a Million for \$2.00 as a gift to our foreign exchange student. (knew she would especially enjoy the "F is for eating fried foods almost every day," since she thought the eating habits of Americans were terribly unhealthy. I decided that I would like one to keep, and found this on-line. I was disappointed to find that I purchased a \$1.99 book for \$11.00. The book is cute and quirky, and is in excellent condition, but should not have been so costly.
