T. M Pearce : T.M. Pearce's cartoon guide of New Mexico ; (Augustin's cartoon guides of America. 6) before purchasing it in order to gage whether or not it would be worth my time, and all praised T.M. Pearce's cartoon guide of New Mexico ; (Augustin's cartoon guides of America. 6):

0 of 0 people found the following review helpful. A classicBy R.ClowardCollecting the work of Reg Manning , I came across this book as part of the :Cartoon Guide " Series. Enjoyed it and the map is excellent example of the pictorial genre. The work was by a young aspiring academic, T.M. Pearce who hi went on to a career as Professor of English at the University of New Mexico. In one of these interesting turns of events, he was teaching there while I was attending UNM..0 of 0 people found the following review helpful. Charming ItemBy Peter B. IvesA charming item perhaps accentuated by its 1939 date. Breezy and amusing, it was a distinct contrast to the sober and fact-crammed New Mexico: a Guide to the Colorful State (1940) from the Federal Writers' Project. The Cartoon Guide was part of a series that included Arizona, Florida, and several others. The author, T. M. Pearce, an English professor at the University of New Mexico, later compiled New Mexico Place Names (1965).

collectible book in excellent condition.
