Tammy Does Boston is wonderful!By Linda C.I saw this book in a Boston Information Center and didn't purchase it because I didn't want to carry while walking the Freedom Trail. I was happy that had it! I bought twoone for myself as a nice souvenir and one for a gift. The two books arrived in excellent condition.0 of 0 people found the following review helpful. Nice souvenirBy joelI visited Boston and when I was at the airport to fly home, I was looking through the shops, trying to find something for my niece. I was going to get this book, but didn't really have room to carry much more on the plane. Plus it was a little bit pricey at the airport. I got home and spotted the same book on , so I quickly picked it up and gave it to her the next time I saw her. Nothing like buying your souvenirs online after the trip, LOL.0 of 0 people found the following review helpful. Adorable book!By Robin WelchGreat photos, fun rhyming...enjoyable for kids and adults. I saw this in the library and decided to buy it as holiday gifts for some friends with young kids. I think adults will enjoy it as much if not more.
