Christiane Reiter : TASCHEN's Favourite Spas before purchasing it in order to gauge whether or not it would be worth my time, and all praised TASCHEN's Favourite Spas:

Good coffee table book By Francesca Great gift book. Maybe slightly out of date by now but I bought it for a friend who dreams of owning her own spa some day. 1 of 2 people found the following review helpful. The Definitive Spa Selection By martn alexandro As with all Taschen books that I own, this one has one thing that you notice first: Quality. Then, it has another common thing among Taschen: Taste. So, as you can imagine it's not just a common Spa selection but -for me at least- is The Selection. It has enough info on each one and, what interests me the most -since I cannot afford to go to all of them-: Great pictures. So, this combination makes it an excellent book -in general- and THE book -when talking about Spas-.
