Real taxi drivers know more than how to get you there without a GPS. Philosophers all, they know how to get you there in life. This 20th anniversary edition of the wise and hilarious classic, as true now as ever, is a celebration of the witty, philosophical perspective on human nature culled from real quotations from real cab drivers who've been around the block. On reading the signs: "If a man keeps telling you he loves you, over and over, then something is wrong." On vanity economics: "The worse a town's economy is, the better looking the guys who work at the local gas station are." Evocative black and white photos and a cab-dash padded cover with taxi-yellow page edges showcases the wisdom in style.
