Gary Sack : Ten Years in a Twenty Foot Boat before purchasing it in order to gage whether or not it would be worth my time, and all praised Ten Years in a Twenty Foot Boat:

1 of 1 people found the following review helpful. Living the DreamBy AhhDooI love this book! If you ever wanted to take off on an adventure while you were young, the book chronicles the efforts of one young man in achieving his dream of sailing. It is believable and factual. The author is genuine, brave and resourceful, and it is amazing that he was able to record his days on Melody and publish his adventures. I am amazed, and in awe! A great read!1 of 1 people found the following review helpful. Great Story and Even Great Read by a Gifted AuthorBy W. ThompsonI was fascinated from the moment I read the first paragraph. The book was fun to read and follow the exploits of a young man through a fun journey. I would recommend this book to anyone that enjoys a book that is entertaining.0 of 0 people found the following review helpful. Delightful - full of humor and great information.By G HowardThis is a wonderfully told tale of adventure and downright fortitude. Great book for anyone who enjoys the humor and joy of

sailing, creating adventure and making the best of what comes along.

Ten Years is the love of a young man and a small boat. It is a guide to the waters of America and an instruction for the novice sailor wishing to cruise them.
