Tim O'Brien, Jackie Sheckler Finch : Tennessee Off the Beaten Path, 8th (Off the Beaten Path Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tennessee Off the Beaten Path, 8th (Off the Beaten Path Series):

Interesting list of places to explore, but limited practical infoBy JacquelineThe suggestions in this book were great, it's just the format and the lack of practical info that got to me.Their ideas really were interesting, unique places that were worth going to. I found that there was some overlap

between this one and the content for Tennessee from the Let's Go USA guide, but this one tended to have some more unique ideas. I was using it on a road trip though, so I was hoping to use it as a reference guide on the go, but it didn't work so well for that. The format lends it more to being read like a novel, rather than glancing through it for quick inspiration. If you do decide you want to visit a place in the book, count on using other resources (a phone call, GPS, internet access, etc.) to figure out how to get to these places. There were few maps, no transit info, and even limited descriptions of how to get to beautiful rural nature sites - just a quick mention that the sites exist and are a few miles north/south/east/west of X city. No highways, no driving distances, no landmarks, etc. I'm not aware of a better reference guide out there on Tennessee, so I'd recommend this to help you get some inspiration, but prepare to read it beforehand, not during, and compile your own information to help you find these places. 0 of 0 people found the following review helpful. Good book By Two Fifty I like these books. The series we use for all our vacation trips. There are always places that are great to see and eat. Highly recommend for the wandering traveller.

Discover something different about the Volunteer State including the Batman Building in Nashville; the Ocoee Adventure Center outside of Ducktown, or Hidden Hollow Farm in Cookeville.

"This is a down-home, inexpensive, and right-friendly invitation to take a turn off the main highway and see what's up around the next bend."--Tennessean (Nashville)
