following review helpful. Five StarsBy HipolyteStories about the legendary State of Texas by a legendary Texan... outstanding!

Following up Texas, My Texas: Musings of the Rambling Boy with a second collection of essays, Lonn Taylors Texas People, Texas Places again explores the very best of Texas geography, Texas history, and Texas personalities. In a state so famous for its pride, Taylor manages to write an exceptionally honest, witty, and wise book about Texas past and Texas present. Texas People, Texas Places is a story of men and women and places that have made this state great. From a small-town radio host to tight-fisted West Texas ranchers, and even to Taylors own family members, Taylors subjects paint a profound and dynamic picture. Lonn Taylor shares anecdotes that will appeal to any Texan, in a voice that is as personal as it is unique.

About the AuthorLONN TAYLOR retired to Fort Davis, Texas, with his wife, Dedie, after a twenty-year career as a historian at the Smithsonian Institutions National Museum of American History in Washington, DC.
