Lansing Shepard : The Smithsonian Guides to Natural America: The Northern Plains: Minnesota, North Dakota, South Dakota before purchasing it in order to gage whether or not it would be worth my time, and all praised The Smithsonian Guides to Natural America: The Northern Plains: Minnesota, North Dakota, South Dakota:

0 of 0 people found the following review helpful. Four StarsBy Stephen RobbinsUsing it for a future trip to Theodore Roosevelt National Park.0 of 0 people found the following review helpful. Four StarsBy Rick KingGood book5 of 6 people found the following review helpful. excellent book for travel, armchair or otherwiseBy A CustomerI bought this book for a weeklong driving tour through North and South Dakota, and found this book invaluable. If you are interesting in the natural resources and park systems in these places, it has lotsa info you won't get in maps (especially many beautiful color photos) altho the advice given wasn't always useful.

From Minnesota's boundary waters to the badlands of the Dakotas, here is detailed travel information and beautiful color photography of some of the natural treasures of America's national parks and smaller reserves. From plant and animal life to sites of geological significance, this guide offers a breathtaking, up-close look at this region's natural wonders.
