Janice Leith Waugh : The Solo Traveler's Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Solo Traveler's Handbook:

1 of 1 people found the following review helpful. such a wise ladyBy cory2189I love this book! I haven't actually even finished reading it; I'm only half way through but I had to write about it. I travel a lot but I've only ever traveled on my own once (and it was domestically) because I don't like to travel by myself. The disadvantages of travelling alone for me are: not having anyone to talk to; not being able to have your picture taken; not having the security of being in

accompanied, etc. After reading this book though, I feel that I can do it. Of course there's no NEED for me to travel alone since I have people I can travel with but for anyone in a similar position to the author (she's a widow), you can do it! This lady tells you the best ways to do it. Going on tours for example. She tells you where some good places to go to find people are and even teaches you how to start up a conversation with a stranger and how to befriend people on your travels. Basically she's an expert on networking. There are so many helpful tips in this book. If you would love to travel but don't have anyone to go with and don't have the guts to do it alone, you NEED to read this book. 4 of 4 people found the following review helpful. Not just for solo travellers

By Marlene Lachcik
A magical potion of practical advice mixed with personal travel stories and sprinkled liberally with joyful reflections on the wonder of traveling solo. Yes, you will discover helpful tips on packing, safety, ways to meet new people, and ways to avoid them, but at its core, this book is really a celebration of travel in all its varied forms. Equally useful and inspirational for those intending to explore the world and for those taking a road trip to the next town, it beautifully reflects the author's excitement and enthusiasm for the art of travel. 2 of 2 people found the following review helpful. The Solo Traveler

By KAREN L PIGEONI
I have been reading the blog for a few weeks and with the encouragement I received, I have booked my first solo trip. I'm going to Spain! I will be traveling to Barcelona, San Sebastien and Bilabo. I enjoy having this book on my Kindle for iPad so I can read it at home and refer to it as I travel.

The Solo Traveler's Handbook, is a show and tell of solo travel. Part how-to manual and part travel literature, The Handbook will inspire you to venture out and discover yourself as you discover the world.

"Janice Waugh has bopped her way through Spanish music festivals at 3 a.m., traipsed the mountains of Patagonia and was even kissed by legendary bluesman B.B. King. Her book is filled with dozens of great tips for solo travelers." Jim Byers Travel Editor, Toronto Star

"Janice's book is chock-full of useful tips and strategies for making the most of a solo trip. If you haven't quite worked up the nerve to go solo, her book will give you the tools and confidence you need. Marilyn Terrell Chief Researcher, National Geographic Traveler magazine

"Janice makes a convincing case that there is no better way to get to know yourself than to hit the road. With her witty advice in hand, you'll feel freer than ever to follow the only path that matters: your own." Joe Yonan, Food and Travel Editor, The Washington Post

Through her detailed accounts in the Solo Traveler's Handbook the reader benefits from her insightful tips and experiences. ... Its a refreshing look that gives the reader the gift of freedom to control their travel destiny in a very practical and sometimes humorous approach. Bruce Poon Tip Founder Gap Adventures
