**Debra Chial : The St.Croix Valley** before purchasing it in order to gage whether or not it would be worth my time, and all praised The St.Croix Valley:

0 of 0 people found the following review helpful. A Beautiful Book.By Christopher B. JonnesAs a thirty-five-year resident of Stillwater, MN--one the world's most beautiful cities, located on the banks of the St. Croix River--I can attest to the quality of Debra Chial's book. This rather small pamphlet-like coffee table book contains stunning photographs of some of the river highlights, including fall foliage, bridges, bluffs, cascades, historic sites, trains, boats, and scenic cityscapes. With a well-crafted foreword on the history of the river, and clear captions throughout, this out-of-print masterpiece is worth locating for photo buffs and all Valley residents. --Christopher Bonn Jonnes, author of Wake Up Dead.

(Chial's) photos capture the beauty of the St. Croix valley ... as only a Valley native could, claimed the Stillwater Courier News. Picturesque and historic, the St. Croix River valley lures thousands of visitors each year.
