From Brand: Vermont Life Magazine : The Twelve Seasons of Vermont before purchasing it in order to gage whether or not it would be worth my time, and all praised The Twelve Seasons of Vermont:

10 of 10 people found the following review helpful. Utterly gorgeousBy Ema NnepI purchased this as a gift for my mother who loves the autumn hues of New England and when I saw the cover on this book I decided to pick it up for her.In the past I have found that collections of photo essays that have been made into a coffee table collectible will sometimes use the very best image from the work to create the cover art. I mean, it's not a bad idea, because the image is generally spectacular, but then you're a bit let down because the other images do not rise to the cover art.THIS collection is nothing like that. There is a spectacular collection of images and information for every month of the year and even though I share my mother's love for the blazing colors of autumn, the images of very month of the year are truly breathtaking.Whether it's a farm in summer or a maple house in the middle of a frigid spring morning, each page is a true joy to behold.I have been through this book three times since I received it and hope that my mother enjoys it as much as I have while wrapping it to put under the Christmas tree!1 of 1 people found the following review helpful. beautiful memories all through this bookBy grammiegailGrew up in VT...now live in the south...beautiful memories all through this book!! Thank you.1 of 1 people found the following review helpful. Nice picturesBy Kindle CustomerNice book. Was hoping for more pictures taken in Autumn.. :(

Each writer takes a month in this stunning new book capturing the changing beauty of Vermont's incomparable countryside. Every lover of Vermont will relish this portfolio of over 100 full-color photographs accompanied by poetry and prose that add insight and meaning to the visual experience.Authors include Chris Bohjalian, David Budbill, Galway Kinnell, Reeve Lindbergh, Howard Frank Mosher, Noel Perrin, Katherine Patterson, Castle Freeman,

Julia Alvarez, and others.
