**Jeanne Bowerman : The U.S.A. Comprehensive Public Camping Guide (Lower 48), Vol. 6: Arkansas, Iowa, Minnesota, Mississippi, Missouri** before purchasing it in order to gage whether or not it would be worth my time, and all praised The U.S.A. Comprehensive Public Camping Guide (Lower 48), Vol. 6: Arkansas, Iowa, Minnesota, Mississippi, Missouri:

0 of 0 people found the following review helpful. Not user friendlyBy VickiThis book reminds me of an academic book. Good information, but very boring to try to read. The print is really small and hard to read. It is difficult to find the information you are looking for. I would not recommend getting this book.

Never before was a list written of all the Public Camping Areas in the 48 United States. **THIS LAND IS YOUR LAND IS YOUR LAND** (to enjoy, protect and preserve. This book is in eleven volumes and contains a total of 5,432 pages and lists every Public Camping Area in the 48 United States. Public Camping is closer to nature, cheaper and sometimes free. Included are Natural and Educational Points of Interest, plus cultural events and things to see and do. Some of the places are just plain fun. Camp with the American Indians, trek with a llama or ride a vintage carrousel. Its all here, **IN LARGE PRINT**, in an easy to read format in alphabetical order by nearest city. There is **NO** advertising to weed through.

About the AuthorLife-time camper a true lover of nature and concerned environmentalist.
