Gloria Fossi : The Uffizi: The Official Guide All of the Works before purchasing it in order to gage whether or not it would be worth my time, and all praised The Uffizi: The Official Guide All of the Works:

0 of 0 people found the following review helpful. Very niceBy avid reader U.S.Having visited there, I was hoping for more sculptures than are shown in this book, still it is a wonderful book.1 of 1 people found the following review helpful. Fantastic book!By Keli LydellThis would be helpful to read before you visit the Uffizi Gallery in Florence, to help you absorb more from your visit. I just visited there, bought it afterwards and it has been wonderfully helpful to me to review and retain more of what I was able to see while I was there. Read it with a giant magnifying glass nearby to enjoy more detail! Even though this was an older edition, I didn't notice anything different than what was exhibited in the gallery. I highly recommend!0 of 0 people found the following review helpful. Five StarsBy randomvargreat text

These official guidebooks to Florence's finest museums and art collections are sumptuously illustrated and filled with fascinating detail. This lavishly illustrated series provides readers with the official guides to some of the world's finest galleries and art collections. Packed with fascinating detail, historical insight, and fully up-to-date information, these guides are a must-have for planning their visit to Florence.
