A unique, full-color book organized around a series of timelines that tell this history of the Berkshires in a captivating way. Each module opens with two facing "gatefold" pages that include a summary of each of ten eras and illustrates this era with a stunning image, then opens to a 23.75" x 9" timeline. Each timeline contains events, stories, anecdotes and 3-4 mini biographies of prominent players. The book also contains an original 3-D map of the region. The Unfolding History of the Berkshires is fully documented and indexed and contains travel tips, recommendations for further reading and highlights the libraries and Historical Societies available for further research. Over 150 images, both historic illustrations and full color contemporary photographs.

"A unique concept which will appeal to people who want to explore the history of the Berkshires without spending large quantities of time...but will also serve as a useful jumping off point for deeper explorations." --Berkshire Librarian
"This new full-color book featuring ten foldout timelines...is as if readers are taking a tour of Berkshire historical societies, libraries and museums themselves.
