Harp While I was happy to get the latest guide my only gripe about the 2015 edition is the cover photo featuring a scene of California Adventures. It is extremely out of date and looks like it belongs to a pre-2009 edition. I'm shocked this was allowed to go to print. Since this shouldn't reflect the information within the pages I still give it five stars. Now for the review of the book and

the series...These guides have always been extremely helpful for us. Time and again, following the day plans, we've had stress free trips that actually leave us with plenty of time to do whatever we want afterwards. From the time you arrive at the esplanade to eating, planing hotels, shopping, and taking a break from your day the guide is a great primer for those new to the park and regulars. Updated yearly the guide accounts for changes in park attendance behaviors and attraction additions and subtractions. Sehlinger's team also provides a guide on peak attendance days at the resort. These guides have evolved each year with the parks.The Unofficial Guide is not only frank it goes into far more detail than Birnbaum's "official" guide. It does not have the full color maps and photos however but it does what you need it to do with interesting anecdotes, history and funny commentary.9 of 9 people found the following review helpful. Only purchase this if you are in the very early ...By Mrs. PoffOnly purchase this if you are in the very early stages of planning a Disney trip. Read before booking. I bought after our trip was booked and found majority of the information to be unusable because we were locked in for our rental, hotel, tickets, reservatrions, etc.10 of 10 people found the following review helpful. We were very pleased. We didn't stand in a line for more ...By Michelle WestoverRead most of this book used their website to plan days @ Universal, Disneyland. California Adventure. We were very pleased. We didn't stand in a line for more than 30 minutes. At Universal we were able to ride the 3 biggest attractions in the first 30 minutes. I will purchase an updated book the next time we go.

The Unofficial Guide to Disneyland by Bob Sehlinger Seth Kubersky makes Disneyland one of the most accessible theme parks in the world. With advice that is direct, prescriptive, and detailed, it takes the guesswork out of the readers vacation. Whether they are at Disneyland for a day or a week, there is a plan for any group or family. They can enjoy the entertainment instead of spending their time in lines.Comprehensive information is presented in a way that permits easy comparisons and facilitates decision-making. Detailed plans and profiles of hotels, restaurants, and attractions are presented in at-a-glance formats, providing for effortless communication of the most salient information. Profiles are supplemented by indexes. In short, weve got a plan for every reader.The Unofficial Guide to Disneylands research team is a multi-disciplinary group consisting, among others, of data collectors, computer scientists, statisticians, and psychologists. Their singular goal is to provide a guide that lets you get it right the first time, and every time. With their help, advice, and touring plans, readers have a one-up on anyone else not using The Unofficial Guide to Disneyland. The book is the key to planning a perfect vacation in a great destination location.
