Chris Parks, Shane Kennedy : The Unofficial Guide to the Best RV and Tent Campgrounds in the Northwest Central Plains (Unofficial Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Unofficial Guide to the Best RV and Tent Campgrounds in the Northwest Central Plains (Unofficial Guides):

0 of 0 people found the following review helpful. Five StarsBy BobFine1 of 1 people found the following review helpful. Old and out of dateBy Scott CharltonTitle of review says it all. Total waste of money. If you are buying such a book, go to a book store so you can actually look at it first.1 of 1 people found the following review helpful. best camping guide everBy grandrapidscamperI have been a professional camper for the past 20+ years. Having camped in the Pacific Northwest, Mexico, East Coast, Africa, Timbuktu, East Coast, Easter Island, Spain... I can tell you that this is the best guidebook I have ever encountered.Sure, it's a bit outdated but they are still relevant. The reviews are unbiased, straightforward and articulate. You can tell the writers took the time to visit and engage with every ground and campsite. I know- I have been to well over 153 of them. The maps are also great. Very clear. Much better than my overpriced GPS.Lastly, the weighted ratings are very very smart. I understand they used complex algorithms to weight the ratings. They help predict the amount of fun you will have on the grounds based on facilities, scenic beauty, bugs. Other guidebooks are lazy and just give you a random assortment of stars. They really don't tell you much and you have to figure the rest out.This book is thoughtful and professional. It is so good it should be official!
