Chad Lewis, Kevin Lee Nelson, Noah Voss : The Van Meter Visitor: A True and Mysterious Encounter with the Unknown before purchasing it in order to gage whether or not it would be worth my time, and all praised The Van Meter Visitor: A True and Mysterious Encounter with the Unknown:

5 of 5 people found the following review helpful. Worth reading onceBy sscThis book was interesting and the topic was fascinating. However, this book is extremely repetitive (just imagine if I wrote that exact sentence eight more times throughout this review, that would give you an idea on how repetitive this book is). It also suffers greatly for not having been edited by someone who actually understands proper grammar and spelling in the English language. While you can figure out what the authors are talking about, there exist many situations where you will stop and say "wait, what?" due to misspelled words (sometimes the words are spelled correctly but it is not the word that they intended to

use). There are also many situations where punctuation is omitted or randomly inserted. Overall, I gave three stars due to how interesting the topic is. -1 star for repetition and -1 star for atrocious grammar and spelling. 5 of 5 people found the following review helpful. For those who still like to explore the possibilities...By RG The writing style is fluid, the topic is intriguing and I'd recommend this book to friends and family. One of the more unique finds in terms of books that I've come across. 0 of 0 people found the following review helpful. O. Visarraga By Customer Thoroughly enjoyed this book ! Recommended to those who love unexplained mysteries !

For several nights in 1903, the small town of Van Meter, Iowa was terrorized by a giant bat-like creature that emerged from an old abandoned mine. The identity of this mysterious visitor was never discovered. Over 100 years later, three researchers set out to Van Meter to shine a light on this amazingly bizarre case. Filled with eye witness reports, historic photos, and current accounts of the paranormal, this in-depth book looks to discover what really happened in the town of Van Meter.

About the Author
Chad has been featured on the Discovery Channel's A Haunting, William Shatner's Weird or What, ABC's Scariest Places on Earth, along with hundreds of radio interviews, TV appearances, and newspaper articles. With a Masters Degree in Psychology, Chad has authored over 15 books on the supernatural, and extensively lectures on his fascinating findings. The more bizarre the legend, the more likely it is that you will find Chad there. For nearly two decades Chad Lewis has traveled the back roads of the world in search of the strange and unusual. From tracking vampires in Transylvania and searching for the elusive monster of Loch Ness to trailing the dangerous Tata Duende through remote villages of Belize and searching for ghosts in Ireland's haunted castles, Chad has scoured the earth in search of the paranormal.
