years, but I especially love his VAULT OF WALT series. This volume 5 is just as good, if not even better, than the previous 4 volumes. I love the variety of Disney historical subjects that Jim includes in this book. I especially respect Jim Korkis for his meticulous research and attempt to verify every fact as much as humanly possible. I love how he attempts to point out the "charlatan historians" who do nothing but regurgitate all the myths and untruths and urban legends about Walt Disney and the Disney Company that have continued all these years. Yet another special book by Jim Korkis. The reading world of Disney fans would be much poorer and much less factual if not for Jim's Disney writings. I'm already hoping for and looking forward to Volume 6 of this series. 0 of 0 people found the following review helpful. More Great Disney Stories from Jim Korkis By John W. Carpenter, III As far as I am concerned, Jim Korkis is the most trusted source of Disney related information. His books are well researched and include stories that have too often been ignored or forgotten. The information about Ron Miller in this book is an excellent example of this. I can't wait to read Volume 6. 0 of 0 people found the following review helpful. I simply love Jim Korkis's writing. By James S. I simply love Jim Korkis's writing. He has a unique style, is extremely well researched and meticulously verified. If you have read any of his other books, you'll enjoy it as well. I hope he continues his writing on Disney.
