**Joseph A. Citro : The Vermont Ghost Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vermont Ghost Guide:

1 of 1 people found the following review helpful. Such a great book for anyone who lives in Vermont or likes ghosts!By StephCheersI ordered this book to learn a little more about the ghosts in Vermont, The book is pretty

informative, however my husband who has read Mr. Citro's past books and says this isn't the best of his work. A lot of the descriptions are very short and wish they had more background information, but all together it's still a good book! 0 of 0 people found the following review helpful. VT Ghost Guide By Customer Very fast read. Read it in one afternoon. Great Vermont history and guide. 1 of 1 people found the following review helpful. Not much By jackLove joe citro, i have all his books and pretty much everything in this one is in his other works. I guess it could make a nice pocket guide. As always the writing is excellent but not for me.

"What's So Scary about Vermont?" In *The Vermont Ghost Guide*, Vermont's Ghostmaster Joseph A. Citro teams up with award-winning artist Stephen R. Bissette to answer that question definitively. Organized alphabetically by town, this remarkable pocket-sized collection of lore and line art points travelers toward dozens of mystifying sites to discover -- or perhaps avoid. Both a guidebook and a reference tool, *The Vermont Ghost Guide* contains over 100 entries with 39 illustrations of haunted houses, ghostly spots, and mysterious events from every Vermont county. Many of the stories have never been published before. Vermont's mysterious mountains, hills, and hollows are rich with timeless tales of ghosts, phantoms, and horrible haunts, and Joe Citro has been covering that "dead-beat" for over a decade. In *The Vermont Ghost Guide* you'll encounter: - a poltergeist raining stones on a hapless North Pownal farm; - Northfield's Phantom Gravedigger; - a Ryegate ghostly door that appears and vanishes; - Charles Dickens's ghost guiding a writer's hand in Brattleboro; - a doppelganger's prediction of death in Cavendish; - the Midnight Cow, haunting the highways; - a miner's specter, embedded in stone; - the mysterious Eddy Brothers who marked Vermont as "The Spirit Capital of the Universe"; - and many, many more. But Be Warned! Citro's Vermont is not the idyllic New England wonderland of tourist bureaus and scenic postcards. These are shadowy haunts and whispered horrors, the ghosts, ghouls, gores, and mysteries of the Green Mountain State, rendered in eerie black-and-white by artist Steve Bissette. Perfect for visitors and residents, children and anyone else with an interest in or curiosity about Vermont history, legend, and lore, *The Vermont Ghost Guide* is sure to have a long shelf life and be of continuing interest for years to come.

"[Fall] is the perfect time to explore the more spectral side of our state by reading the works of Joseph Citro, our resident expert on the supernatural. Citro's most recent book, *The Vermont Ghost Guide*, is a gazetteer of haunted Green Mountain destinations." -- Bob Gray, Northshire Books, Contentville "[Fall] is the perfect time to explore the more spectral side of our state by reading the works of Joseph Citro, our resident expert on the supernatural.
