Alison Raju : The Via Francigena Canterbury to Rome - Part 1: Canterbury to the Great St Bernard Pass (Cicerone Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Via Francigena Canterbury to Rome - Part 1: Canterbury to the Great St Bernard Pass (Cicerone Guides):

By a reader I am currently in Martigny, Switzerland and this guidebook has been supremely helpful. 2 of 2 people found the following review helpful. Via FRANCIGENA By Bob Bowker We walked 850 kilometres last year on the Via FRANCIGENA and this book got us out of some tight spots. We rate the information in the book very highly. 1 of 2 people found the following review helpful. Via Francigena By Anne C Whilst the book had a lot of information, we were bitterly disappointed as it really did not help us much. We got lost along the way and had trouble trying to understand some of the cryptic clues. The Via Francigena needs a John Brierley Book as per the Camino de Santiago. Would not recommend it as a guide to walking the Francigena.

One of the great pilgrimage routes of Europe, the Via Francigena covers 1900km on its way from Canterbury to Rome. In this first volume, the route leads through relatively flat sections in northern France, before reaching the mountainous Jura and the ascent to the Great St Bernard Pass. This is the first published guide to a route destined to become as popular as the Way of St James and Via de la Plata. Since becoming a European Cultural Itinerary in 1994, it is now partly waymarked and plentiful accommodation has sprung up along the way.

About the Author Alison Raju is a former language teacher and author of three other Cicerone guides to pilgrim routes: 'Way of St James: Pyrenees - Santiago', 'Via de la Plata' and 'The Pilgrim Road to Nidaros: Oslo - Trondheim'.
