Buy it before the supply runs out!By Sandy from WVWe are taking one leg of this walk at the beginning of May and I bought this book hoping to get more information from a personal perspective. I could hardly put this book down. Laugh out loud! I've done some research hoping Bill Bennett had

written another book, but couldn't find one. But when he does, I'm going to be first in line to buy it!4 of 4 people found the following review helpful. If you are planning to do a Camino I would definitely recommend this book as one of your resourcesBy Victoria TuckerVery interesting and entertaining book about The Camino de Santiago. Another personal story that is well written and very descriptive of a Camino experience. I just returned from my own Camino and found it very much in keeping with the journey Bill Bennett experienced. I did not do the entire Camino, so did not have the challenges of the Pyrenees or The Meseta, but his description of the Alberques, the various bars and cafes and the people one meets along the Way are right on and insightful. If you are planning to do a Camino I would definitely recommend this book as one of your resources. Buen Camino!2 of 2 people found the following review helpful. Loved it. Cracked me up.By Love intelligent novelsIt's gonna hurt. And I really think I'm gonna do it. There. I said it. I hope I can pull this off. Thanks, Bill.

Id never done anything crazy like this before a pilgrimage walk. I was not a hiker, and I wasn't a Catholic. In fact, I wasn't even sure I was a Christian. On the last government census when I had to state my religion, I'd said I was a Buddhist, mainly because they've had such a hard time in Tibet and I felt they needed my statistical support. I was also not an adventure traveller. For me, adventure travel was flying coach. All this backpacking and wearing of heavy boots and flying off to France to walk ancient pilgrimage routes was a new experience, and not one that made me feel entirely comfortable. And so Bill Bennett, an Australian based film director, set off on an 800 kilometre walk across Spain to Santiago de Compostela, not sure why he was doing it, and not feeling entirely comfortable. His discomfort increased markedly a few days later when his knee gave out so the rest of the walk was a pain management pilgrimage. But he kept his sense of humour, and his memoir is at times hilarious but also deeply moving, and insightful. In the vein of Bill Bryson and Eric Newby, *The Way, My Way* takes you on a unique spiritual journey, and gives you a hearty laugh along the way.

About the AuthorBill Bennett is an Australian based film director. He lives in Mudgee, in Central New South Wales, with his wife Jennifer. *The Way, My Way* is his first book.
