BealeI bought this for my daughter and she loved it, as she is currently trying to hike all of the 4000 foot peaks in the White MountainsFast shipping, great book and great prices, A+++ Seller!3 of 3 people found the following review helpful. The White Mountains: A Photographic PortraitBy Kathryn J. MambucaThis is a very lovely picture book that effectively captures the essence of New England's White Mountains. It will evoke memories if you've been there and will make you want to go if you haven't. It makes a nice gift and it makes for good conversation on your coffe table. I was able to find it only through an vendor.

The White Mountains: A Photographic Portrait presents images that show what the perceptive visitor to the area can see, on the back roads and well-hiked trails. View them with the same enthusiasm and excitement experienced by the photographers visiting the area, who were prompted to record their memories on film.
