Jane Lasky, Brenda Fine : The Women's Travel Guide: 25 American Cities before purchasing it in order to gage whether or not it would be worth my time, and all praised The Women's Travel Guide: 25 American Cities:

2 of 2 people found the following review helpful. Still Timely After All These YearsBy I. GrossThis book has maintained its timeliness even in the new millennium. Sure, some or all of the prices have changed in the last 15 years, and you won't be visiting the Observation Deck of the South Tower of the World Trade Center anymore when you go to New York City on business. But the advice it gives to women, such as how to dress, which hotels meet our needs, and how to keep safe in each of these cities, is right on. I consult this book even now for all my long-distance American travel.
