Jeremy Clarkson : The World According to Clarkson before purchasing it in order to gage whether or not it would be worth my time, and all praised The World According to Clarkson:

2 of 2 people found the following review helpful. Typical Clarkson. Laugh out loud hilarity!By m. angelWhat a great compendium of Clarksons' Sunday Times articles. Me being an American imbecile that knows nothing of British humour (wink) even I can appreciate his, well "Clarksonesque" view of a broad range of topics from international travels, local and international politics and his deep love-for and appreciation of all things mechanical, especially

aeroplanes. This is a must read for anyone just looking for a laugh.0 of 0 people found the following review helpful. Fun, light-hearted readingBy Tony EdwardsMost enjoyable. I have lived abroad for many years and not followed many English programs so I was not especially aware of who Clarkson was. Now I know.His humor is wonderful and exactly what grabs my attention. The first book was recommended to me by an American friend. "Here," he said, "You're English, you'll enjoy this book. He was right.An easy, light read, good for putting you in a fun frame of mind. Definitely recommend. That's why I have bought further editions for me and a friend. The Slope of Kongwa Hill: A Boy's Tale of Africa.0 of 0 people found the following review helpful. A good laugh !By Bill BlountHopefully very tongue in cheek, should be more like Clarkson !!! Good reading when travelling or between other books. Will read more of his books and will try and catch up with his series on TV.

Jeremy Clarkson shares his opinions on just about everything in *The World According to Clarkson*. Jeremy Clarkson has seen rather more of the world than most. He has, as they say, been around a bit. And as a result, he's got one or two things to tell us about how it all works; and being Jeremy Clarkson he's not about to voice them quietly, humbly, and without great dollops of humor. In *The World According to Clarkson*, he reveals why it is that too much science is bad for our health, 1970s rock music is nothing to be ashamed of, hunting foxes while drunk and wearing night-sights is neither big nor clever, we must work harder to get rid of cricket, and that he likes the Germans (well, sometimes). With a strong dose of common sense that is rarely, if ever, found inside the M25, Clarkson hilariously attacks the pompous, the ridiculous, the absurd, and the downright idiotic, while also celebrating the eccentric, the clever, and the sheer bloody brilliant. Less a manifesto for living and more a road map to modern life, *The World According to Clarkson* is the funniest book you'll read this year. Don't leave home without it. *The World According to Clarkson* is a hilarious collection of Jeremy's Sunday Times columns and the first in his *The World According to Clarkson* series which also includes *And Another Thing; For Crying Out Loud!* and *How Hard Can It Be?*

About the AuthorJeremy Clarkson made his name presenting a poky motoring program on BBC2 called *Top Gear*. He left to forge a career in other directions before ending up back on *Top Gear* again.
