Tried to wade my way through it but had to give it up. Poorly written account of the author's neurotic sexual encounters and misadventures related to her inability to form any sort of harmonious relationship based on mutual respect with members of the opposite sex.0 of 0 people found the following review helpful. ... adventurous women of my generation who have sought romantic love as the antidote to lonelinessBy KMJCara Lopez Lee penned a memoir for the adventurous women of my generation who have sought romantic love as the antidote to loneliness. More poignantly, her writing speaks to women forging their own journey to inner-strength and self-worth. Her story reads like a juicy dish of dysfunctional relationships and intrepid world travels from living in Alaska, trekking Nepal's Annapurna Circuit, to wandering ancient and picturesque villages in Italy and Spain. Lopez Lee takes you off the beaten path and deep into the territory of her own heart.Self-effacing and physically immolating, funny, wise, and wild--as messy yet satisfying as life itself-- I can't wait to share this with my girlfriends. It's like "Eat, Pray, Love" without the sentimentality. Rather, there's a whole lot of moxie tossed into the backpack!

After a lover threatens to kill her, 26-year-old Cara Lopez Lee runs away to Alaska. There, she finds herself in a complicated love triangle with two alcoholics: Sean, the martial artist, and Chance, the paramedic. Nine years later, sick of love and the abuse that destroyed it, she runs away again, this time to backpack alone around the world. Recounting one woman's journey to self-discovery with dazzling honesty and humor, this memoir follows her year-long trek through Thailand, China, Nepal, Spain, and Ireland.

"Its rare when an author really opens up and divulges her innermost insecurities. No matter your background, youll be able to take something from this book, whether its how to stand up for yourself, how to steer clear of an unhealthy relationship, how to trust your instincts, or how to live according to your rules." Susan Blumberg-Kason, author, Good Chinese Wife
