Wade Hughes : Thirteenth Beach: Diving Adventures Around the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Thirteenth Beach: Diving Adventures Around the World:

Thirteenth Beach is an absorbing account of travel and adventure. It sweeps you into the action, beauty, and drama that awaits any underwater adventurer. Its written with a sharp eye for detail, an ironic sense of humor, and a personal style that puts the reader in exotic locations and in the water, facing thrilling and amusing experiences, shoulder to shoulder

with the author. This is an ideal travelers fireside companion. Fantastic read!!! I read it twice. Steve Sutton, Diver, adventurer. California Fascinating read a book for all of us looking for the ultimate underwater adventure. www.divesiteonline.com A book for divers written by a diver. www.adirondackdivers.com A strong sense of adventure! Ron Viv Moon, Kakirra Adventure Publications, Australia

About the Author Wade Hughes, a Fellow of the Royal Geographical Society and a Member of the Explorers Club, began diving as a 12-year-old in Australia and has since dived extensively around the world. His underwater photography has been exhibited in a number of galleries. He has authored nine books. Wade lives with his equally adventurous first wife, Robyn, in New York.
