**wayne short : This Raw Land** before purchasing it in order to gage whether or not it would be worth my time, and all praised This Raw Land:

0 of 0 people found the following review helpful. ... book on life in the Alaskan wilderness does not disappoint. Often autobiographical sequels are scant on substance - ...By Adam StroudWayne Short's second book on life in the Alaskan wilderness does not disappoint. Often autobiographical sequels are scant on substance - stretching to have enough material for a follow up. Not so here. I have read this book multiple times and have let others read it who were equally captivated. Do yourself a favor and get all three of Short's books about Alaska, you will not be disappointed.0 of 0 people found the following review helpful. Not an easy life, but full and excitingBy A. M. MckenzieThe author, Wayne Short, has a way of making life in the bush country of Alaska come alive. Not an easy life, but full and exciting.0 of 0 people found the following review helpful. We know Wayne Short, he lives in Petersburg AlaskaBy Phyllis GrantMy Short gave us an autographed copy of this book, as well as The cheechakos. Great read about early Alaska.

A sequel to The Cheechakoes. It tells the adventurous story of what happened when the author brought his new bride north to Alaska and raised a family in a frontier land.
