Dennis Weidemann : This Water Goes North before purchasing it in order to gage whether or not it would be worth my time, and all praised This Water Goes North:

0 of 0 people found the following review helpful. What a great story. As well written as "A River Runs ...By Product-ReviewerThis should be made into a movie! What a great story. As well written as "A River Runs Through It," maybe better. Thank you Dennis for writing this and spending what must have been a long time in editing to make it flow so smoothly. The retrospects from the people you met along the way are a great addition. Anyone thinking about writing about life's adventures should read this book before they do. And those not yet sure, keep a journal!0 of 0 people found the following review helpful. Terrific armchair adventureBy Unclebob53703.Terrific armchair adventure, told with

great good humor. Bought it because it's similar to Eric Sevareid's book--which they reference in the first chapter. The stuff at the end where people they met on their journey recall them decades later, was especially welcome. 0 of 0 people found the following review helpful. Share the Adventure! By M. Holling If you would love - taking a 2 month trip in a canoe leaving from Minnesota traveling through the Canadian wilderness - getting wet - surviving on the land - making some wonderful memories - all the while enjoying the ride from the comfort of your easy chair without getting your feet wet - this is your story. You just might wish it was your own!

From the tranquil farmland waters of Minnesota to the treacherous wilderness rapids of Manitoba, four young men in two old canoes experience an adventure that every kid talks about, but few take. With leaky tents, little experience, and no TV cameras or big-time sponsors, the lads set out in 1979 to paddle 1,400 miles north to Hudson Bay. Why? Why not! Driven by a youthful sense of adventure, they took the chance of a lifetime just to see what lay around the next turn. Sit in their canoe as they glide through smooth waters and survive rushing rivers. Experience with them the desolation of true wilderness and go on humorous escapades with local characters. With graceful storytelling, Dennis Weidemann weaves this richly diverse tale of near disasters, splendid sunsets, bootleggers, Mounties, polar bears, and the indomitable spirit of youth. Share the dream that still lives, and that will surely inspire others.

"For a fine story about the dreams, resilience, and joys of youth and youth remembered This Water Goes North is a trip well worth taking." Canoeing.com
