13 of 13 people found the following review helpful. Thomas Guide Road Atlas Driver's GuideBy A CustomerThis guide is has some highly detailed maps. It gives you a relatively good feel California in general. However, one drawback to the guide is that it only has detailed maps for the large cities. For maps on the smaller cities, you will have to find another source. Overall, the guide is useful for traveling from city to city, but not within the small cities.
