**From Brand: Thomas Brothers Maps : Thomas Guide 2004 Phoenix Metro Street Guide: Spiral** before purchasing it in order to gage whether or not it would be worth my time, and all praised Thomas Guide 2004 Phoenix Metro Street Guide: Spiral:

MasonAfter owning a previous edition of the Phoenix guide and a recent edition of the Las Vegas guide, both of which I had no problem with, this edition of the Phoenix guide is very disppointing.There are MANY ERRORS. It might be because the area is growing so rapidly, but if you're in the map business, you need to get it right. I have repeatedly found completely incorrect information (it couldn't even get me in the right ballpark) and have had much better luck with Mapquest and Google maps. The problem is, if you are out and need a map, these sources are not helpful.I hope they fix the problem in the next edition. I will not buy it again for a couple of years, at least.
