Rand McNally : Thomas Guide 2005 Santa Barbara, San Luis Obispo and Ventura Counties Street (Santa Barbara, San Luis Obispo and Ventura Counties Street Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Thomas Guide 2005 Santa Barbara, San Luis Obispo and Ventura Counties Street (Santa Barbara, San Luis Obispo and Ventura Counties Street Guide):

2 of 2 people found the following review helpful. MAP GUIDEBy Barton WolinThis guide makes it so simple because otherwise, I would need numerous individual maps to take the place of this one book.3 of 3 people found the following review helpful. Great if you are new to area, perfect for RV'ersBy CustomerSince I started driving many years ago, I have always had a Thomas Guide. Even with the advent of GPS technology (a bit too expensive for me now), the Thomas Guide is invaluable. The latest version of the guide has all the latest updates, which is very important with all the new construction. My 2001 guide was getting outdated, so I bought a new one.Ever been stuck in traffic on the 101? We got the SB-SLO-V version to bypass traffic jams. You can easily find detours when the 101 is jammed. We do a lot of traveling in our RV along the coast, and have used the guide to get out of some pretty bad jams.One of the greatest features of the current guide is the CD included in the back. I installed it on my laptop, and it saves me time as I travel. When I need to go from one location to another and I don't have Internet access, I simply use

the Thomas Guide CD.
