Pete Brown : Three Sheets to the Wind: One Man's Quest for the Meaning of Beer before purchasing it in order to gage whether or not it would be worth my time, and all praised Three Sheets to the Wind: One Man's Quest for the Meaning of Beer:

0 of 0 people found the following review helpful. Good but.....By Mr. Charles UmphredI gave this 4 stars because I think most people look at 3 as a not so good...but in my system its a three...here is why....There are parts about it I

loved and there are parts that bored the crap out of me. The book seems to be filled with a lot of "stuff" that has no real relevance to a story about beer around the world. I speed read thru and when done I handed it over to a good friend who is a beer expert. 0 of 0 people found the following review helpful. A really long blog about beer By himanshu, the story teller This book is an interesting read. But read it like you were reading a bunch of articles about people having visited places and having had beer. The writing is funny, and it's a nice consolidated place to sort-of get a peek into beer drinking cultures everywhere. But that's all there is to it. Expect nothing more and you wouldn't mind it. 0 of 0 people found the following review helpful. Five Stars By Peter G Lott Great Book on Beer.

Meet Pete Brown beer journalist, beer drinker, and author of an irreverent book about British beer, *Man Walks Into A Pub*. One day, Pete's world is rocked when he discovers several countries produce, consume, and celebrate beer far more than the British do. The Germans claim they make the best beer in the world, the Australians consider its consumption a patriotic duty, the Spanish regard lager as a trendy youth drink and the Japanese have built a skyscraper in the shape of a foaming glass of their favorite brew. At home, meanwhile, people seem to be turning their backs on the great British pint. What's going on? Drinking in more than 300 bars in 27 towns, through 13 different countries and four continents, Pete puts on 10 pounds and does irrecoverable damage to his health in the pursuit of saloon-bar enlightenment.
