Paul Wilstach : Tidewater Virginia, before purchasing it in order to gage whether or not it would be worth my time, and all praised Tidewater Virginia,:

4 of 4 people found the following review helpful. Erudite Description of the Chesapeake from founding to Civil WarBy Kenneth G. RameyThe so-called rivers of the Chesapeake Bay are really tidal by nature until they are blocked by falls of the highlands beyond. Paul Wilstach describes each starting with the first colony on the James and ending with Geo. Washington, and the nations new Capital on the Potomac. The cover provides the best description of the text that refers to the History of the area, its romantic Plantation Mansions, and the celebrated personages who gave it galmour. Five of the first seven presidents were born, raised to the level of prominence from Virginia so much of which comprises the tidewater. But that is just the beginning. Other famous beings owe their heritege to the wetlands of Tidewater Virginia, folks who left their mark either on the soil or "in it" since many were buried in the yards of the Plantations they developed. As a geography of such an important area, it is superb. Inside its cover is a map of Virginia that locates the major households and speaks of their importance and the contributions of the residents. I would consider it a must read for anyone captivated by the Revolutionary and Civil Wars because it gives such a great lay of the land, and description of the vicisitudes of the wars in that area. I was unfamiliar with it before, but the knowledge the book provides opened my eyes to the significance of the times and places of the Tidewater. Highly recommended, even to locals who may lack a sufficient knowledge of its importance to the American Nation.0 of 0 people found the following review helpful. Five StarsBy BarbaraReally a good book to look back into the past of Virginia.

Excerpt from Tidewater Virginia Looking for the reason Of the glamour of this name, one is not long in finding that Tidewater Virginia is a blend of romance and fact. But its romance is SO actual, and all the facts Of it are SO romantic - one is SO completely merged in the other; one is SO identically the other - that any effort to divide them is quite as difficult as the problem of unscrambling the egg. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
