Francois Leydet : Time and the River Flowing: Grand Canyon before purchasing it in order to gage whether or not it would be worth my time, and all praised Time and the River Flowing: Grand Canyon:

1 of 1 people found the following review helpful. Grand Canyon PrimerBy Bernard P. FrielRecommended by Martin Litton, and is filled with extraordinary photographs of the Colorado River from Cataract Canyon to Lake Mead, and with great insight and information on the political battles to save the Grand Canyon from more dams, intertwined with the author's description of his trip down the Canyon in a flotilla of dories. A lot of historical information on Canyon river runners as well as interesting information about the side Canyons and geology of the Grand Canyon.1 of 1 people found the following review helpful. They are amazing!By Henry M. Frechette Jr.This is part of a series of books published by the Sierra Club. They are amazing!0 of 0 people found the following review helpful. Awesome. a part of historyBy Pamela NargieAwesome. a part of history.

Large format 1964 edition features photos from a variety of nature photographers and quotes from many explorers and naturalists.
