Editors of Time Out : Time Out Las Vegas (Time Out Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out Las Vegas (Time Out Guides):

They are better than Lonely Planet and Frommers and anything else on the market. They are very in-depth, colorful, heaps of photos, so informative and often go the extra mile by adding bonus pages on either the history of the city, or the culture or anything of even minimal interest.This 2007 edition is

choc-full of anything you wanted to know for your vacation to Vegas and day trips to other places like Arizona, California and Utah. It even has a mini segment about gambling and lessons on how to play some of the more popular games in the casino. There are listings in the back for hospitals, websites for where to find dentists, list of radio stations, post offices and almost anything you could want to find. It covers where to stay from budget to grand opulence, what to do with or without kids, maps of the Strip and surrounding areas and of course my absolute favourite topics - food and shopping. By the time you read this guide, you will be a novice of Vegas whether you've already been before or going for the first time. I'm about to go to Vegas for my 12th time and I still find this book of use. I highly highly recommend it and recommed their other guides for other great cities around the world. 0 of 0 people found the following review helpful. Great guide for people who like enjoying the city. By Paleo-engineer This is a great guide with places to go out in Vegas. It gives alternative of places that have good quality food, hospitality, service, and where your money is worth spending. It also includes some areas out of the city, to explore parks and the beautiful landscapes of this region, but that is not the main purpose of the guide. 0 of 0 people found the following review helpful. Awsome book By Matthew R. Morrison Very informative and broken down. I have been there a lot so it was not so great for me. Kinda outdated by a few years but for the first timer this book would be invaluable.

Time Out Las Vegas is the definitive guide to this dazzling desert playground that has been one of the fastest-growing cities in America. Alongside insider reviews of the best places to stay, play, and dine are comprehensive critiques of the city's main resorts and shows, including full instructions on how to play all the major casino games. When the bright lights get too much, visitors can use the handy maps and destination profiles to visit such legendary spots as the Grand Canyon, Death Valley, and the Hoover Dam.

About the Author In addition to Time Out Las Vegas, Will Fulford-Jones has edited Time Out guides to London, Los Angeles, San Francisco, Chicago, Miami, Amsterdam, Dublin and Edinburgh, and worked as Managing Editor on the 2006 launch of Time Out Manchester. He's also written about travel for The Guardian and The Sunday Times.
