Editors of Time Out : Time Out New York (Time Out Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out New York (Time Out Guides):

12 of 12 people found the following review helpful. tear up this bookBy J. BowleyTime out New York was VERY helpful and up-to-date. Lots of cool tips and seemed to be very accurate in assessments and insights. Every morning I would tear the pages out of the book that were of interest and put in my pocket for reference...without having to carry the book all day.....and now i will definitely have to buy a new copy for my next trip. The perfect book for pre-

planning a New York adventure

A must-have guide for tourists and residents alike, this invaluable sourcebook covers every inch of the Big Apple, from the best pizza to the most eco-friendly shops. It offers an up-to-the-minute, in-depth exploration of the city's bars and restaurants, clubs, music scene, shopping, and superb cultural opportunities. It reviews the hot (and not-so-hot) spots in New York's hottest new hoods as well as the changing scene in the more established areas. Walking tour itineraries allow visitors to experience this huge city on an intimate, approachable level. Metropolitan area maps and transit information make navigation a breeze.
