Robert Gilpin, Caroline Fitzgibbons : Time Out: Taking a Break from School, to Travel, Work, and Study in the U. S. and Abroad before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out: Taking a Break from School, to Travel, Work, and Study in the U. S. and Abroad:

4 of 4 people found the following review helpful. Definitely out of dateBy Mary HannahTime Out does a good job of detailing many options for what to do with yourself during your time off, but it is so woefully out of date that it mentions a few countries that are no longer in existence. It has very detailed information that must have been useful at the time it was written, but it can serve only as a stepping off point now. One would be better off going with something newer.

Great book!
