Jane Eppinga : Tombstone Bisbee Historic Walking Guides before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tombstone Bisbee Historic Walking Guides:

No two towns so personify the lure of the American West as much as Tombstone and Bisbee, Arizona. These boom towns welcomed miners looking for a chance to get rich, and Tombstone was immortalised in movies and folklore from the period because of characters such as Wyatt Earp and Doc Holliday. Through a series of detailed walks around Tombstone and Bisbee, which have been updated for this edition, and accompanied by historic photographs and maps, this book uncovers the history of the two towns for the visitor. Jane Eppinga is a multi-award winning author who has written many books on Western history.
