Pamela Barrus : Top 10 San Diego (Eyewitness Top 10 Travel Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Top 10 San Diego (Eyewitness Top 10 Travel Guides):

0 of 0 people found the following review helpful. Forced "list" format means this is very superficial. By Lightning Jeff There's certainly a lot of "stuff" here. My problem is that it's all very superficial. The "Top 10 list" contrivance imposes an arbitrary structure that in some cases clearly requires some filler to fill out a particular list. It also means that any particular item's coverage is frustratingly thin. Instead of a whole chapter on, say, Seaworld or the San Diego Zoo and strategies for visiting these attractions, you get... two pages. And within those two pages, the authors attempt to cover 10 discrete things, meaning nothing at all is covered well or in any detail. Adding to the frustration is that much of those two pages will be taken up with tiny photos that are themselves too small to be of any real use. I've found this book to be entirely inadequate in planning a family vacation to San Diego, so ordered the Frommer's counterpart. Frommer's San Diego 2012 (Frommer's Complete Guides) 0 of 0 people found the following review helpful. Completely useless book. No information other than very basic lists. By Westchester Buyer Completely useless book. No information other than very basic lists. Waste of money. 0 of 0 people found the following review helpful. The book for planning a San Diego trip. By Virginia Conterato The most useful travel book we had for our trip. For those with little time to enjoy San Diego, this is THE book.

Packed with the same reliable information and breathtaking color photography as our DK Eyewitness Travel Guides, DK Eyewitness Travel Top 10 Guides are fully illustrated, pocket-sized travel guides, with handy pull-out maps marking all the major sights.
