MisleadingBy D SwaneyI love Nevada and had high hopes for this book, but it turns out that only 42 of the 130 pages dedicated to hiking are about Nevada hikes. The rest are in Utah and Arizona. Nothing against Utah and Arizona, mind you, but I'm always looking for new Nevada adventures, and the title misled me into buying it. What's included seems quite sound, however, hence the three stars.

Top Trails of Nevada covers 26 parks and 170 trails within Nevada PLUS nearby parks in Utah and Arizona. This guide covers every trail within every park in the area with full descriptions of each route, mileage, elevation gain, and trail difficulty. Amenities and directions are given for each park along with a description of what to see.

From the Inside FlapSo you've been done an Arizona vacation, maybe even Colorado and Utah, but have you done the Grand Circle? You may have heard of the term and likely know it well if you live within it. For those that don't know what the Grand Circle means, you aren't alone. It is, in a nutshell, one of the "must do" vacation destinations in North America. The Grand Circle encompasses five southwestern states but more importantly, is so named because it contains the highest concentration of national and state parks in the United States. Within this 500-diameter area, there are almost 80 parks and hundreds of other attractions. Simply put, the Grand Circle is a bounty of fun and adventure. This isn't about going to Zion or the Grand Canyon, it's about going on a once in a lifetime vacation, something so incredible that it becomes one of the top things you have ever done. Top Trails of Nevada is part of our four book "Grand Circle Series", providing complete coverage of every trail in all parks within the Grand Circle! Top Trails of Nevada covers 26 parks and a healthy 170 hikes within an area of the Grand Circle. The book covers every park in southeastern Nevada and neighboring parks within Utah and Arizona. Each park contains information on camping, lodging, and food within the park as well as how to get there and nearest town. The book covers every trail in the park and details what makes the parks unique and worth a visit. From the Bristlecone Pines of Great Basin National Park to the colorful desert rock of Valley of Fire State Park, this book is the only book you will need to hike this spectacular area. Here are all of the parks covered: Eastern Nevada Valley of Fire State Park Lake Mead National Recreation Area Beaver Dam State Park Kershaw - Ryan State Park Elgin Schoolhouse State Historic Park Basin and Range National Monument Cathedral Gorge State Park Echo Canyon State Park Spring Valley State Park Great Basin National Park Cave Lake State Park Ward Charcoal Ovens State Park Northwest Arizona Grand Canyon - Parashant National Monument Havasu Falls Grand Canyon National Park - South Rim Grand Canyon National Park - North Rim Pipe Spring National Monument Southwest Utah Snow Canyon State Park Gunlock State Park Zion National Park Quail Creek State Park Sand Hollow State Park Coral Pink Sand Dunes State Park Frontier Homestead State Park Museum Cedar Breaks National Monument Bryce Canyon National Park Grand Staircase-Escalante National Monument
